Time For a Makeover

Spaghetti Junction gets a whole new look by 5S and 6B of Slade School.

Earlier this week, the girls, of slade school 5s & 6b, were willing to swap their make-up for paint and paint brushes to give the SJ (Spaghetti Junction) a fabulous makeover. The boys did not miss out because they all got a chance to try out their art skills (which turned out very well). It was not a moment too soon as the dull, grey concrete was looking sad and old.

For 40 years the SJ has looked miserable just like our weather most of the year but now, because of 5S & 6B’s brilliant art work, SJ has become very popular and people from all over the country would love to come and see it.

Local resident, Maurice Western has said “It is a wonderful place to be and a wonderful place to live by.”

The SJ has thrown a party because of Spaghetti Junction’s new opening and new look. Many people came to the new opening of SJ. It is now lovelier and safer for the community.
